Comment on acp-2022-125

Heini Wernli (Editor)

Editor comment on "Continental thunderstorm ground enhancement observed at an exceptionally low altitude" by Ivana Kolmašová et al., Atmos. Chem. Phys. Discuss., https://doi.org/10.5194/acp-2022-125-EC1, 2022

Many thanks to Dr. Chilingarian for the review and to Dr. Kolmašová for already replying to these comments. But please keep in mind that a 2nd review will come in the following days and the authors should wait with revising the manuscript until all reviews are submitted and the open discussion phase has been closed. With best regards, Heini Wernli (co-editor)
