Editor comment on "Implementation and initial calibration of carbon-13 soil organic matter decomposition in the Yasso model" by Jarmo Mäkelä et al., Biogeosciences Discuss., https://doi.org/10.5194/bg-2021-327-EC1, 2022

Dear authors: in my decision I used the stock language "please consider carefully and respond to all their thoughtful suggestions" but should have said "I have revised your responses and am convinced there's a solid path forward to address the referees' comments". Sorry for the mistake.
