Responding to comments/reviews

Alberto Reyes (Editor)

Editor comment on "Was there a glacial outburst flood in the Torngat Mountains during Marine Isotope Stage 3?" by Tamara Pico et al., Clim. Past Discuss., https://doi.org/10.5194/cp-2021-132-EC1, 2021

Dear Dr. Pico,

The public discussion period for your manuscript is still open for another ~two weeks. But all formal peer-reviews have been submitted now. While waiting for the discussion period to close, you and your co-authors can certainly respond to the reviews and comments in the interactive discussion.

Sincerely,

Alberto
