Denis-Didier Rousseau (Editor)

Editor comment on "Mid-Holocene reinforcement of North Atlantic atmospheric circulation variability from a western Baltic lake sediment record" by Markus Czymzik et al., EGUsphere, https://doi.org/10.5194/egusphere-2022-582-EC2, 2022

Dear authors,

Reviewer #2 has posted his review pointing different issues in your manuscript. Once more, please take the opportunity of the discussion phase to post a short to these comments so that a dialog could start with reviewer #2.

All the very best

denis-didier Rousseau
