Peter Passenier

Author comment on "Earth System Sensitivity: a Feedback perspective" by Peter O. Passenier, Earth Syst. Dynam. Discuss., https://doi.org/10.5194/esd-2021-78-AC2, 2022

Thank you very much for your very valuable and constructive review of my manuscript. Although you find the manuscript well written and interesting to read, you have several major concerns that need to be addressed before you could recommend publication in ESD.

Please find my detailed responses and corresponding (proposed) changes to the manuscript in the attached Supplement

Please also note the supplement to this comment:
