Chief editor comment on "The eWaterCycle platform for open and FAIR hydrological collaboration" by Rolf Hut et al., Geosci. Model Dev. Discuss., https://doi.org/10.5194/gmd-2021-344-CEC1, 2021

Dear authors,

unfortunately the information where to access the notebooks did not enter the discussion version of your manuscript.

"The notebooks used as case studies in this manuscript are available through[13]. [...]
