Hong-Yi Li et al.

Author comment on "A new large-scale suspended sediment model and its application over the United States" by Hong-Yi Li et al., Hydrol. Earth Syst. Sci. Discuss., https://doi.org/10.5194/hess-2021-491-AC1, 2021

We thank Reviewer #1 for the constructive comments. We have revised Section 2.2.1 per the Reviewer's suggestion, now in Line 183-216. The paper outline description was also revised in Line 116-119. We have also incorporated the other minor comments/edits from the pdf file that Reviewer #1 provided. Please see attached our revised manuscript with changes tracked.

Please also note the supplement to this comment:
