Wei Ma et al.

Author comment on "The inference of internal solitary waves in the northern South China Sea from data acquired by underwater gliders" by Wei Ma et al., Ocean Sci. Discuss., https://doi.org/10.5194/os-2021-29-AC1, 2021

Dear Referee #1□

We have carefully studied the comments of all reviewers and have improved the manuscript accordingly. We appreciate invaluable constructive comments of the reviewers, which we believe have substantially strengthened the manuscript. In this letter the comments are discussed in detail and the modifications are highlighted in blue in the revised manuscript.

Once again, we appreciate yours and that of the reviewers' time and effort, and hope that we have addressed the comments adequately. We remain available for any further modifications and look forward to hearing from you.

Sincerely yours,

Wei Ma

On behalf of all authors.
