Dear Jean-Eude,

I'm very pleased that you used the Mann-Kendall R package. Could you please cite not only the paper but also the package with its doi:

10.5281/zenodo.4134633 if you used the version 1.0.0 or 10.5281/zenodo.4495588 if you used the version 1.1.0 (published on the 2nd of February).

Thank you and best regards

Martine
