Author comment on "Technical note: Quality assessment of ozone reanalysis products and gap-filling over subarctic Europe for vegetation risk mapping" by Stefanie Falk et al., Atmos. Chem. Phys. Discuss., <https://doi.org/10.5194/acp-2021-527-AC2>, 2021

To acp-2021-527-RC2 (23 Aug 2021):

We thank the anonymous referee #2 for their comments.

We will address the specific comments in detail in our final revision of the manuscript.

Here, we shall give a brief response to questions where it seems appropriate.

We have already tended to the minor, technical comments.

Please also note the supplement to this comment:
