Comment on acp-2021-618

Xavier Querol (Editor)

Editor comment on "The impact of peripheral circulation characteristics of typhoon on sustained ozone episodes over the Pearl River Delta region, China" by Ying Li et al., Atmos. Chem. Phys. Discuss., <https://doi.org/10.5194/acp-2021-618-EC1>, 2021

EDITOR COMMENT

Dear authors,

Both referees agree on the potential interest of the manuscript on this specific issue of O₃ pollution.

Hihowever, they also coincide on the problems of the presentation. Not only the English usage shall be improved but also how results are presented.

Please be sure that you work and indeep review these problems otherwise it can be rejected in the next round of revisions.

Kind regartds

Xavier Querol
