## **Response to all comments of reviewers**

Chong Han et al.

Author comment on "Secondary organic aerosols from OH oxidation of cyclic volatile methyl siloxanes as an important Si source in the atmosphere" by Chong Han et al., Atmos. Chem. Phys. Discuss., https://doi.org/10.5194/acp-2021-965-AC1, 2022

We thank all three anonymous reviewers for their constructive comments. We welcome the opportunity to revise and clarify our manuscript for publication in *Atmospheric Chemistry and Physics*. The point-by-point response to all reviewers is included in the attached PDF file.
