Author comment on "Diurnal evolution of negative atmospheric ions above the boreal forest: from ground level to the free troposphere" by Lisa J. Beck et al., Atmos. Chem. Phys. Discuss., <https://doi.org/10.5194/acp-2021-994-AC1>, 2022

On behalf of the co-authors, I would like to thank the editor for considering our study as a research article. As proposed, we provided more context on the atmospheric implications of our study in the manuscript, which can be found in the attached PDF file.

Please also note the supplement to this comment:
