Comment on acp-2022-519

Flor Vanessa Maciel et al.

Author comment on "Examination of aerosol indirect effects during cirrus cloud evolution" by Flor Vanessa Maciel et al., Atmos. Chem. Phys. Discuss., https://doi.org/10.5194/acp-2022-519-AC1, 2022

We thank the reviewers for their helpful comments. Attached is our response to individual comments from two reviewers, as well as the respective changes to the manuscript.

Please note, per the new policy of ACP manuscript review process, we are not allowed to upload the revised manuscript at this stage of responding to reviewers. Only later when encouraged, we can upload the revised manuscript. We try to be as clear as possible in our response by quoting all the text changes and new figures in the revised manuscript.

Please also note the supplement to this comment: https://acp.copernicus.org/preprints/acp-2022-519/acp-2022-519-AC1-supplement.pdf
