Comment on amt-2021-234

Johannes Schneider (Editor)

Editor comment on "The Antarctic Stratospheric Aerosol Observation and Sample-Return System Using Two-Stage Separation Method of a Balloon-Assisted Unmanned Aerial Vehicle" by Shin-Ichiro Higashino et al., Atmos. Meas. Tech. Discuss.,
<https://doi.org/10.5194/amt-2021-234-EC1>, 2021

Dear authors,

as you have seen, both reviewers have several severe points of critic regarding your manuscript. I therefore discourage the submission of a revised version, because the chances that a revised version can be accepted are low.

You may try another journal, or rework the whole manuscript, taking the reviews into account and re-submit the manuscript as a new submission at a later stage.

Best regards,

Johannes Schneider
