## **Comment on angeo-2021-11**

Pavel Hejda et al.

---

Author comment on "The geomagnetic data of the Clementinum observatory in Prague since 1839" by Pavel Hejda et al., Ann. Geophys. Discuss.,  
<https://doi.org/10.5194/angeo-2021-11-AC1>, 2021

---

The data of declination in the Supplement file Prague\_D\_1840\_1917.dat were by mistake published in arc degrees from 1840 to 1871 and in arc minutes from 1872 to 1917. The corrected file (arc degrees) can be downloaded from

<https://drive.google.com/drive/folders/1l8ROsfwNJqxGqKhot-qMxXjSud8luHB0>

I am sorry for this mistake. Pavel Hejda
