Comment on angeo-2021-11

Nick Sergis (Editor)

Editor comment on "The geomagnetic data of the Clementinum observatory in Prague since 1839" by Pavel Hejda et al., Ann. Geophys. Discuss.,
<https://doi.org/10.5194/angeo-2021-11-EC2>, 2021

The topical editor would like to thank both referees for their comments and overall evaluation of

manuscript angeo-2021-11. I would like to ask the authors to return a revised version taking into consideration

the suggestion made by the reviewers.
