Yasuhito Narita

Author comment on "Electromotive force in the solar wind" by Yasuhito Narita, Ann.
Geophys. Discuss., <https://doi.org/10.5194/angeo-2021-18-AC1>, 2021

Thank you very much for carefully reading the manuscript and raising comments and suggestions. Criticism and suggestions are well taken. My reply comments and the revised manuscript are uploaded in a separated (merged) PDF file.

Please also note the supplement to this comment:
