Community comment on "Responses of intermediate layers to geomagnetic activity during the 2009 deep solar minimum over the Brazilian low-latitude sector" by Ângela M. Santos et al., Ann. Geophys. Discuss., <https://doi.org/10.5194/angeo-2021-52-CC1>, 2021

Dear Reviewer,

We would like to thank reviewer#1 for his/her efforts in reviewing our manuscript. As we noted, there are many interesting suggestions/questions raised by the reviewer that deserves our attention in order to improve our manuscript. In this context, we would like to let you know that we are working on the manuscript and have decided to wait for reviewer 2's comments before submitting our answers together with the new version of the manuscript.

Thanks for your attention!

Ângela Santos
