Author comment on "Riverine nitrogen supply to the global ocean and its limited impact on global marine primary production: a feedback study using an Earth system model" by Miriam Tivig et al., Biogeosciences Discuss., <https://doi.org/10.5194/bg-2021-101-AC1>, 2021

Dear Sir or Madam,

Thank you very much for your comments, suggestions, and questions.

We have answered them in the document attached and hope that we addressed all of them to your satisfaction.

Yours sincerely,
Miriam Tivig
