Author comment on "Population dynamics and reproduction strategies of planktonic foraminifera in the open ocean" by Julie Meilland et al., Biogeosciences Discuss.,
<https://doi.org/10.5194/bg-2021-141-AC2>, 2021

Dear Referee #1,

We warmly thank you for the constructive and helpful comments you provided in order to improve our manuscript. We took most of your remarks into consideration and hope this latest version of the manuscript will satisfy you.

Each of your comment has been answered in blue characters in the attached document.

Kind regards,

Julie Meilland, on behalf of all co-authors.

N.B: the line numbers provided in our response corresponds to the line numbers of the edited manuscript (track change).

Please also note the supplement to this comment:
