Editor comment on "To what extent can soil moisture and soil Cu contamination stresses affect nitrous species emissions? Estimation through calibration of a nitrification–denitrification model" by Laura Sereni et al., Biogeosciences Discuss., https://doi.org/10.5194/bg-2021-265-EC1, 2022

P.S. I am the editor, but we've had trouble getting a second reviewer, so am posting this to move things along.
