Jianlong Feng et al.

Author comment on "Variations and environmental controls of primary productivity in the Amundsen Sea" by Jianlong Feng et al., Biogeosciences Discuss.,
<https://doi.org/10.5194/bg-2021-296-AC2>, 2022

We greatly appreciate the referee for spending time on reviewing our manuscript and for the constructive comments. We have made careful considerations on the referee's comments, and have implemented most of the referee's suggestions. We hope to fulfill the requirements given by your review. Please see our responses in the supplement below.

Please also note the supplement to this comment:
