Author comment on "A convolutional neural network for spatial downscaling of satellite-based solar-induced chlorophyll fluorescence (SIFnet)" by Johannes Gensheimer et al., Biogeosciences Discuss., <https://doi.org/10.5194/bg-2021-348-AC1>, 2022

Dear all,

I heard that the link to the data set of high resolution SIF over CONUS has expired. I have just extended the link until end of 2023, so everyone should be able to access the data again. The link address stayed the same as in the pdf and assets:

Happy new year,

Johannes Gensheimer
