Author comment on "Local scale evaluation of the simulated interactions between energy, water and vegetation in land surface models" by Jan De Pue et al., Biogeosciences Discuss., <https://doi.org/10.5194/bg-2021-355-AC2>, 2022

---

Dear reviewer,

thank you for this in-depth analysis of the manuscript.

The remarks and suggestions were very insightful and will help to improve the quality of this work.

The requested revision and suggested additional experiments is not trivial. We are currently still working on the revision to address these comments.

For more details and preliminary results, see our response in the attachment.

Best regards

Jan
