Author comment on "Isolation of subpollen particles (SPPs) of birch: SPPs are potential carriers of ice nucleating macromolecules" by Julia Burkart et al., Biogeosciences Discuss., <https://doi.org/10.5194/bg-2021-8-AC3>, 2021

We thank referee 2 for this critical comment that motivated us to conduct additional experiments. A description of the experiments and a detailed discussion related to this comment can be found in AC2.
