Some of the equations embedded in the text (in section 2.3.4.2) have disappeared during the submission process.

+ Line 386 - 387 should read as follow: "[...] ratio between \( R \) and \( E[d_a^{\, \circ} \cdot d_b^{\, \circ} \cdot t] \); \( H_0 \cdot B \cdot H_0^t \) and \( E[d_a^{\, b} \cdot d_b^{\, \circ} \cdot t] \); \( H_0 \cdot B \cdot H_0^t + R \) and \( E[d_b^{\, \circ} \cdot d_b^{\, \circ} \cdot t] \) [...]"

+ Line 395 reads as follow: "[...] while the large value of \( X^2 \) (chi-2) expresses a strong underestimation of the observation error [...]"
