Gert Van Hoey (Editor)

Editor comment on "Pronounced seasonal and spatial variability in determinants of phytoplankton biomass dynamics along a near-offshore gradient in the southern North Sea" by Viviana Otero et al., Biogeosciences Discuss.,
<https://doi.org/10.5194/bg-2022-11-EC2>, 2022

The same, the revised manuscript can be submitted. I agree that the wishes of the second reviewer were ambitious, so cannot be tackled completely. Therefore, ensure that the goals and intentions of the paper are clear and that further possible steps and limitations are clearly added in the text.
