Author comment on "Dissolved organic matter concentration and composition discontinuity at the peat–pool interface in a boreal peatland" by Antonin Prijac et al., Biogeosciences Discuss., <https://doi.org/10.5194/bg-2022-71-AC2>, 2022

---

Dear reviewer,

We thank you for your constructive comments and we are convinced that it improved the overall quality of our manuscript.

Please find attached response letter pdf for detailed responses to your comments.

Sincerely,

A. Prijac and co-authors
