## **Comment on cp-2021-106**

Claudio Latorre (Editor)

---

Editor comment on "Late Pleistocene glacial chronologies and paleoclimate in the northern Rocky Mountains" by Brendon J. Quirk et al., Clim. Past Discuss.,  
<https://doi.org/10.5194/cp-2021-106-EC1>, 2021

---

Based on two very thorough reviews I've closed the discussion and I am requesting the authors take all the reviewer comments into careful consideration and provide a detailed reply to all the comments as well as make any major modifications required to the manuscript itself. I expect to see a revised version of the article in 30 days.
