Comment on cp-2021-125

Nathalie Combourieu Nebout (Editor)

Editor comment on "Holocene wildfire regimes in western Siberia: interaction between peatland moisture conditions and the composition of plant functional types" by Angelica Feurdean et al., Clim. Past Discuss., <https://doi.org/10.5194/cp-2021-125-EC1>, 2021

Dear authors,

We have now received the comments about your manuscript. You will find the two reviewer comments and community comments on the CP site.

Could you please respond to all comments and tell us how you intend to amend your paper according to all the remarks and requests. Then I will be able to state on your document.

Best regards

Nathalie Combourieu-Nebout
