Comment on cp-2021-161
Fabrizio Marra et al.

Author comment on "Terrestrial records of glacial terminations V and IV and insights on deglacial mechanisms" by Fabrizio Marra et al., Clim. Past Discuss., https://doi.org/10.5194/cp-2021-161-AC7, 2022

Dear Alberto,

I would kindly like to know if you have had the opportunity to form a final opinion on our work and what your decision is.

Thank you,

Fabrizio
