Referee comment on "Monitoring landcover change and desertification processes in northern China and Mongolia using historical written sources and modern vegetation indices" by Michael Kempf, Clim. Past Discuss., <https://doi.org/10.5194/cp-2021-5-RC7>, 2021

Thanks a lot. For me the date is ok, and I may have to spend time to read it again.

As I think, suggestion may be more helpful if I can read the revised version completely. Of course, this should be agreed by editor. If the editor agree, please send it caojj06@163.com.
