Author comment on "Reorganization of Atlantic waters at sub-polar latitudes linked to deep water overflow in both glacial and interglacial climate states" by Dakota Evan Holmes et al., Clim. Past Discuss., https://doi.org/10.5194/cp-2021-97-AC1, 2021

Dear Christoph,
Many thanks for the recommendations of datasets and ice-core literature. When we prepare the revised version of the manuscript we will make sure to include these.

Best wishes,
Audrey
