Anne-Marie Lezine

Community comment on "Using data and models to infer climate and environmental changes during the Little Ice Age in tropical West Africa" by Anne-Marie Lézine et al., Clim. Past Discuss., <https://doi.org/10.5194/cp-2022-57-CC1>, 2022

Dear Editor

we are very grateful to reviewer 1 whose comments helped us to improve the manuscript . We have responded to each of his comments and added a figure that will be included as "supplementary information". This figure illustrates the method used to analyze the data. The response (including the figure) is in the attached .pdf document

Please also note the supplement to this comment:
