Comment on dwes-2021-12

Andres Jaramillo

Community comment on "Qualitative and quasi-quantitative monitoring of drinking water through the use of a smart electronic tongue" by Alvaro Arrieta et al., Drink. Water Eng. Sci. Discuss., <https://doi.org/10.5194/dwes-2021-12-CC1>, 2022

The article has a great scientific and technological contribution for engineering applications. Excellent contribution, congratulations to the authors.
