Editor comment on "The modelled climatic response to the 18.6-year lunar nodal cycle and its role in decadal temperature trends" by Manoj Joshi et al., EGUsphere, https://doi.org/10.5194/egusphere-2022-151-EC1, 2022

This post is from an author who promotes his/her own research with obscure manuscripts that have obviously not been rigorously evaluated in a scientific peer-review process. Please ignore.
