Comment on egusphere-2022-180

CharLotte Krawczyk (Editor)

Editor comment on "Strato-structural evolution of the deep-water Orange Basin: constraints from 3D reflection seismic data" by Nombuso G. Maduna et al., EGU sphere, <https://doi.org/10.5194/egusphere-2022-180-EC1>, 2022

Dear authors,

the review phase of your submission has been extended, since the current two reports for your manuscript deviate considerably. Therefore, I invited a third reviewer, and once we will have their report received, a decision can be made for the further processing of your manuscript.

All the best, Lotte Krawczyk.
