Lander Van Tricht and Philippe Huybrechts

Author comment on "Thermal regime of the Grigoriev ice cap and the Sary-Tor glacier in the inner Tien Shan, Kyrgyzstan" by Lander Van Tricht and Philippe Huybrechts, EGU sphere, <https://doi.org/10.5194/egusphere-2022-195-AC2>, 2022

We would like to thank the reviewer Marlene Kronenberg for taking the time to provide a useful, comprehensive, and detailed review of our paper. We have addressed all comments below and updated the manuscript accordingly where needed. We believe this has strongly improved the clarity and quality of the research. We added all our responses in the attached document.

Please also note the supplement to this comment:
