Comment on egusphere-2022-400

Anonymous Referee #2

Referee comment on "Detecting micro fractures: a comprehensive comparison of conventional and machine-learning-based segmentation methods" by Dongwon Lee et al., EGU sphere, <https://doi.org/10.5194/egusphere-2022-400-RC2>, 2022

Dear editor/authors,

I have found this work highly relevant, well-written and structured. Therefore, I would like to recommend it for publication. Please find attached some minor comments.

Kind regards.

Please also note the supplement to this comment:
