Author comment on "Long-term and short-term inorganic carbon reservoirs in Aegean seawater – an experimental study" by Fabian Matthias Gäb et al., EGUsphere, https://doi.org/10.5194/egusphere-2022-564-AC2, 2022

Thank you for this comment. It adds to the feeling we have about the fashion of the manuscript at least in the question of style of writing and the way our findings are presented.
