Community comment on "Reduced-complexity model for the impact of anthropogenic CO_2 emissions on future glacial cycles" by Stefanie Talento and Andrey Ganopolski, Earth Syst. Dynam. Discuss., https://doi.org/10.5194/esd-2021-2-CC3, 2021

In order to avoid any misattribution, and with no wish to interfere in the editorial process further, I would like to make it expclit that I am not reviewer #3. I am touched by the publicity she or he makes of my own work, though.
