Comment on essd-2021-252

Anonymous Referee #2

Referee comment on "High-resolution land-use land-cover change data for regional climate modelling applications over Europe – Part 2: Historical and future changes" by Peter Hoffmann et al., Earth Syst. Sci. Data Discuss., <https://doi.org/10.5194/essd-2021-252-RC2>, 2022

Seriously weak and ineffective product. Read ESSD guidelines and start again. Further diatribe in supplemental comments,

Please also note the supplement to this comment:
