Community comment on "A multi-dimensional dataset of Ordovician to Silurian graptolite specimens for virtual examination, global correlation and shale gas exploration" by Hong-He Xu et al., Earth Syst. Sci. Data Discuss., <https://doi.org/10.5194/essd-2021-280-CC3>, 2021

That sounds great. Please inform me when you publish the e-book or application on mobile devices.
