Author comment on "GeoDAR: georeferenced global dams and reservoirs dataset for bridging attributes and geolocations" by Jida Wang et al., Earth Syst. Sci. Data Discuss., <https://doi.org/10.5194/essd-2021-58-AC1>, 2021

---

We are very grateful for this reviewer's positive comments on the value of our dataset and very constructive suggestions to improve the readability and clarity of our manuscript. Thank you. We will start to incorporate these comments in the coming weeks, and will later submit a detailed revision response (together with the responses to the second reviewer as well).
