Author comment on "CCAM: China Catchment Attributes and Meteorology dataset" by
Zhen Hao et al., Earth Syst. Sci. Data Discuss.,
<https://doi.org/10.5194/essd-2021-71-AC3>, 2021

- Codes have been uploaded to <https://github.com/haozhen315/catchment-attributes-and-meteorology-for-large-sample-study-in-contiguous-china>;
- In sorting out the code, we found a few errors related to the calculation of two catchment characteristics: the seasonality of rainfall and the proportion of snowfall. The corrected data will be uploaded (the uploaded code is **correct**).
