Author comment on "GCI30: a global dataset of 30□m cropping intensity using  
multisource remote sensing imagery" by Miao Zhang et al., Earth Syst. Sci. Data Discuss.,  
<https://doi.org/10.5194/essd-2021-86-AC6>, 2021

---

We would like to thank for the constructive comments and suggestions from Topical Editor that help significantly improve the research and the quality of this work. We further revised the manuscript addressing the two comments, and we provided our detailed responses to your concerns in the supplement.

Please also note the supplement to this comment:
