Referee comment on "Oil slicks in the Gulf of Guinea – 10 years of Envisat Advanced Synthetic Aperture Radar observations" by Zhour Najoui et al., Earth Syst. Sci. Data Discuss., <https://doi.org/10.5194/essd-2022-126-RC1>, 2022

the paper requires editing for English - it is currently poorly written - especially the first part

specifics - see attached
