Editor comment on "A dataset of standard precipitation index reconstructed from multi-proxies over Asia for the past 300 years" by Yang Liu et al., Earth Syst. Sci. Data Discuss., https://doi.org/10.5194/essd-2022-200-EC1, 2022

As suggested by one reviewer, it would be appreciated that the authors upload the products and original data in Excel tables or netCDF format.
