Author comment on "The AntAWS dataset: a compilation of Antarctic automatic weather station observations" by Yetang Wang et al., Earth Syst. Sci. Data Discuss., https://doi.org/10.5194/essd-2022-241-AC1, 2022

Dear Wei,

Thank you for reviewing our manuscript. But we can't find the attachment of comments anywhere. We hope you can upload the attachment again, and then we will carefully response to your each comment and suggestion.

Best regard,

Yetang Wang, on behalf of all authors
